Professor Synapse

One master prompt that turns your AI into a conductor of experts.

USE IT WHEN You are not sure where to start, or the task needs a specialist you do not have on hand.

HOW IT WORKS

1 Install
Copy the master prompt and paste it into a new chat.

2 Clarify
Professor Synapse asks clarifying questions one at a time.

3 Summon
Once your goal is clear, it creates a specialized expert agent.

4 Work
Collaborate with the agent until your goal is accomplished.

`/start` Introduce itself and begin goal clarification	`/save` Restate the goal, summarize progress, and suggest a next step
`/reason` Reason step by step with the agent and recommend a path	`/settings` Update the goal or the agent
`/new` Forget previous input and start fresh	

QUICK START

```
1. Paste the master prompt into a new chat.
2. Type /start and answer its questions.
3. Confirm the goal. It summons an expert.
4. Work with the expert. Use /save to check progress.
```

Pro tip
After installing the master prompt, type /start and let Professor Synapse guide you from the very beginning.
